

Most of the bigger roofing companies make their profits, through production roofing. This often leads to more BBB complaints on issues that could have been resolved before it gets to the point that the customer had to use the BBB to resolve their issue.

Billy's Roofing is a privately owned LOCAL small business roofing company. That gives you, the advantage of receiving great personal service.

If you have any issues with your roofing job, you will be dealing directly with William Mills. Passing the buck stops here! By the way, we do not have any BBB complaints.
